

# KIT CARSON COUNTY

3rd Quarter Newsletter

July–September 2020

## Admin and Payroll Updates

Phil will be going through time off hours soon to let everyone know how much time they've earned. This will also help employees know how much time they need to use in order to not lose any hours at the end of the year.

Just a reminder that the phone system at the annex was updated and direct extensions no longer work. You must dial the whole number and extension now.

## Opting out of Deferred Social Security Taxes

The Commissioners have decided that it is in the best interest of the county employees to opt out of the President's decision of deferring payroll taxes through the end of the year. This deferment would require the taxes to be collected by April of next year, possibly causing more financial strain. If you have any questions or concerns please contact Administration.

## From Accounts Payable

Just a reminder that I cannot pay off of order confirmations or packing slips. I need the actual invoice or statement in order to submit something for payment. Turning in coded credit card receipts as you get them is the best option to ensure prompt payment of credit cards and avoid late fees.
